

# MUDDY CREEK FORKS STATION

Micro-Scale has joined hands with us in our Capital Campaign by producing a limited run of 40 Muddy Creek Forks Station kits that will be exclusively available through the Maryland and Pennsylvania Railroad Historical Society.

Micro-Scale intends for these kits to benefit our Capital Campaign to purchase the Blue Collection which are official railroad documents that were sold lock, stock and barrel with the Red Lion Station. Micro-Scale would have independently sold these kits for \$340.00, but agreed to discount and price them at \$280.00 while releasing them at a wholesale price that would make the kits more affordable as well as a better fund-raiser. Micro-Scale will be helping to get the word out by posting our kit on its own website and referring any potential customers to the Society.

When all 40 kits are sold, the Society will have raised \$5,600! You can have the opportunity to kill two birds with one stone. Not only can you be the proud owner of this fine craftsman kit and then possess, build, and enjoy this most faithful model of the Muddy Creek Forks Store and Station. You can also be a contributor to the Capital Campaign and receive a written statement from the Society Treasurer for a tax deduction as fully allowed by IRS rules.

This kit includes:

- Laser-cut walls floors, roof support system, dormers, roof trim, rafter tails, overhang supports, window styrene, window shades, and roof sheeting.
- Porch framing, decking and complete rafter system are laser-cut.
- Front stair stringers, treads, risers and support system are laser-cut.
- Cast stone foundation.
- Laser-cut base.
- Windows, doors, lamps, 2 and 3 rail railings, snow birds, window bars and porch posts are from Tichy Train Group.
- Laser-cut peel and stick roofing material.
- Roof sheeting for all roofs is laser-cut and is lined for shingling.
- Electric meter kit.
- Cast detail parts.
- Easy to follow fully illustrated color directions.
